## Again---We Thank You

Greetings to our many friends. It is a pleasure, once again, to thank our many customers and friends for the most generous orders sent to us this past year. A satisfied customer is our best method of advertising, and from the repeat orders received this year, I know we have added many new, satisfied customers to our mailing list. We aim to grow and offer for sale, only the best of the commercial varieties and the show winners of the more recent introductions. We raise our bulbs from bulblet and small planting stock. We grow on new ground each year to insure varieties to be true to label. Our bulbs are New York State inspected and we guarantee to give satisfaction. When you receive an order of bulbs from us, kindly open and inspect at once. If, after doing so, the order is not completely satisfactory, kindly return to us at once. Money will be cheerfully refunded.

### Extra Bulbs for Cash Orders

On cash orders of \$3.00 to \$5.00 we will give an extra 10% in bulbs, of our choosing. From \$5.00 to \$10.00 we will add 15% more bulbs to your order, and all over \$10.00 we will give 20% extra in bulbs. If you have a preference as to variety you would like as extras, you may list three or four, and if our stock of that variety is available, will be glad to send your choice. However, if we do not have your choice, then we will substitute something of our choice, of equal value. We are sure you will be more than pleased. Extra and generous overcount on wholesale orders, also.

### Business Terms

Minimum orders, \$3.00. All retail orders are solicited and prepaid in the amount of \$3.00 or more. Wholesale orders, shipped via express, F.O.B. Johnson City, N. Y. If you do not live where you have free express delivery service, please notify us at time of order and advise how to ship. Please send either money order or checks for payment no stamps, please. Do not ask us to split a unit, as listed in catalog. Order as many units as desired.

### Acknowledgement of Orders

Your order will be acknowledged as soon as received in our office. Bulbs will be shipped as near to date requested as it is possible to get them out. The past two winters, the weather here has been mild enough to enable us to ship bulbs practically all winter. If you live where the climate is unfavorable for shipping during our winter months, kindly notify us at time of order.

### F.O.B. Items

If your order contains both F.O.B. and retail items, we will ship them together in one package F.O.B. but will give you enough overcount and extras to more than offset the carrying charge on the retail items. If you would prefer the two classes shipped separately, please mark order blank accordingly.

### Order Bulbs Early

Send in your bulb orders now, to avoid disappointments later in the season. Your choice of variety may be one of limited stock. Orders filled in order of date filed in our office. No substitutions on your order without your permission. We would, however, appreciate it if you would make a second choice, either in size of bulb ordered or in another variety. This would save us time and correspondence. Please PRINT name and address very plainly on order to avoid delays and errors in shipping. Full cultural directions will accompany every order.

### Bulb Sizes

Large size measure 1-1/4 inches and up. Medium size 3/4 inch to 1-1/4 inch, small size 1/4 inch to 3/4 inch.

## Bulblets

Our bulblets are washed and sorted. We measure them by dry measure, which is approximately 15% more than liquid measure.

### Featuring

**SPIC AND SPAN** (Carlson-Puerner). Spic and Span has created a sensation at the 1945, 1946 and 1947 shows. A consistent winner every year. It's long spikes, and many open, 4½ inch florets of a shade between salmon and pure pink make imposing specimens, admired by fans and sought for by florists. It's consistent performance and easy propagation make it a desirable commercial variety. It's records on the show table speaks for the quality of Spic and Span. Many saleable blooms were cut in our fields from bulblet stock this summer. Parentage of this beautiful glad is Picardy x New Era, and it has the good features of it's parents. Spikes are always straight as a gun-barrell and it is a 100% cutter. This glad was much admired by the many visitors at our gardens this summer.

**SUNSPOT** (Roberts). A western origination, whose topflite merits are just becoming recognized by eastern growers. It's consistent winnings at the shows has definitely established it's reputation. Sunspot won the Grand Champion of the International Show at Binghamton in 1947. A nicely ruffled apricot buff, with a rose spot in the throat, opening 8 to 9 large florets at once on tall spikes. We predict a great future for Sunspot and it will soon be grown in large quantities. A fine propagator and germinator.

**MARTHA DEANE** (Guilles). A tall growing yellow, of good floret size, that has a fine color sheen under artificial lights. The red throat spears are not conspicuous enough to prove offensive. It opens up to 8 florets at one time. It blooms in mid-season and looks like the commercial yellow we have all been looking for. Bulblets are small, but germinates easily, and makes good sized bulbs the first year from bulblets.

**TROJAN** (Snyder). Grows a tall spike, opening 6 florets at one time. The color is more pink than salmon, in tone. Blooms are ruffled, needle-pointed and of heavy texture. Heads have 20 buds. Good propagator. A top ranking glad at also the shows this year.

**ORIENTAL PEARL** (Carlson-Puerner). The wonder glad. A giant pearly cream color, of distinction. It's habits are excellent. Opens 4 to 6 florets which measure 6 to 6½ inches. It grows tall and straight and a dozen makes an arm-full. It is a very heavy propagator and fine bulb maker. Has been tested for Florida growing and found to be highly satisfactory.

**HIKATHA** (Beardmore-Graff). A soft scarlet red. A beautiful glad. To date, both it's color and performance, give promise of commercial acceptance. Will open 6 to 7 florets at one time. It's slightly ruffled florets will measure from 5½ to 6 inches. It never crooks, is a good propagator and excellent germinator.

**JUNE DAY** (Roberts). If you want to hit the early cut-flower market, by all means add June Day to your bulb collection. A pure pink with a small cherry blotch. Will open 6 or 7 florets on a tall straight spike of 20 buds. Good placement on long flowerheads. Blooms ahead of Annamas, Rosa Vag Lima and other established early varieties. Blooms in 58 days.

**SPOTLIGHT** (Palmer). Clean medium yellow with a non-conspicuous red throat blotch. Grows tall spikes and long flowerheads. Opens 7 or more florets of large size. A good keeper. Opens well in water. Produces an abundance of bulblets which germinate easily. We cut nice blooms from our bulblet stock this year. In great demand for a cut-flower. Don't pass this variety up.

## Descriptive Price List

# EMPIRE STATE GLADIOLUS SOCIETY MEMBERSHIP BLANK

Dr. Gordon R. McKenney, *Sec'y*  
175 Croydon Rd. Rochester 10, N. Y.

Remit to the  
Empire State Gladiolus Society  
by check, money order or cash

Empire State Gladiolus Society Membership . . . . . \$1.00 ☐

Empire State membership brings you six bulletins each year containing news and views, cultural hints, notes on hybridizing and the like. Each member is entitled to exhibit at the Annual and all Regional Shows and to vote at the Annual Meeting.

Affiliate Membership With New England Gladiolus Society . . . . . \$2.50 ☐

This membership entitles you to all benefits of E.S.G.S. Membership noted above, PLUS supplement membership in the New England Society (largest in the world). This brings you a deluxe copy of the yearbook, Quarterly Supplements and full voting and exhibiting privileges of the Society. This represents a \$3.00 (and more) value for only \$2.50.

**Affiliate Membership With The North American Gladiolus Council . . . . \$1.75 ☐**

This membership entitles you to all the benefits of E.S.G.S. noted above PLUS supplement membership in N.A.G.C. This brings you a Quarterly Magazine and full privileges of the Society. A \$2.00 value for only \$1.75.

**ALL THREE — E.S.G.S., N.E.G.S., and N.A.G.C. (\$4.00 value)** . . . . . **\$3.25** ☐
